

SULUFAIGA TRAVEL ASSISTANCE PROGRAM

The Alliance understands that as you travel off island you may need help and support. This is perfectly fine. We recognize that new situations can be difficult and we do not want you to feel you have to do this alone. We may find it awkward to ask for help when we need it, but know that there are many programs and community organizations who want to help. We want to ensure as you travel to Honolulu, Hawaii that you are aware of the State and Local Resources that you may need to access.
